CARGILLS (CEYLON) PLC

A Member of C.T Holdings Group

**Provisional Financial Statements  
Six Month ended 30 September 2013**

## **Cargills confident of long term potential of new ventures while established businesses remain on track in challenging market environment**

Cargills (Ceylon) PLC, a member of the C T Holdings Group, is pleased to present to you the Provisional Financial Statements for the second quarter and first half of the financial year 2013/14.

The macroeconomic environment continues to be challenging in spite of the reduction in policy rates and stable inflation, with consumption restrained, while the Value Added Tax imposed from 1st January 2013 continues to impact results. The management has however remained focused on ensuring that cost burdens are not passed on to consumers through a concerted effort to enhance productivity and operational efficiency.

Steps taken by the Retail team to adapt to the changed policy environment has resulted in a growth of 2.8% in net turnover to Rs. 23.1 Bn, while operating profit is also up by 12.1 % to Rs 1.0 Bn for the first half. Investments made in new businesses during the previous financial years are yet to yield anticipated results, with one venture still in pre-operation stage. The operating and finance costs of new ventures in the FMCG sector have weighed down the profitability of the segment which has also been adversely affected by the VAT. The management remains focused on turning around these new businesses which have substantial long term potential. The FMCG sector reported a growth in Net Turnover of 14.8% at Rs 5.2 Bn for the first 6 months while operating profit for the period is down by 57.1% at Rs 110.9 Mn. The Quick-Service Restaurants (QSR) business continues to grapple with substantial increases in electricity tariffs and increased input costs which have not been fully passed on to consumers.

### **Investments continue with a long term view**

The Cargills Group reported a marginally higher Net Revenue of Rs 29.3 Bn for the first 6 months ended 30th September 2013, up 5.0% compared to the same period last year. However, Operating Profit declined by 7.3% to Rs 1.2 Bn during the first half, while Net Profit was down by 47.3% to Rs 175.6 Mn. Group results were impacted by a sharp increase in operating and finance costs following the aggressive investment program over the past three years. During this time Rs 17 Bn in CAPEX was expended in growing established businesses and entering new sectors which in turn has generated 3044 new job opportunities.

Your Company received Shareholder approval for its proposed restructuring exercise as a Major Transaction under the Companies Act No 7 of 2007. The envisaged restructuring would establish business specific companies and strengthen the efforts of the management to optimize resources, expertise and opportunities for value creation. Meanwhile performance of each business sector is being closely reviewed against a stringent set of KPI's with a strong focus on efficiency, productivity and controls. We are confident that the results of these initiatives would be evident by the end of the financial year.

Signed
